About Institute

We wish to make a special mention of the fact that when this college was established, a considerable number of students of this college were from extremely poor families located in drought-prone areas of this district. In fact, several constraints were preventing them from the very idea of going for higher education.

Nearly 30% of the students admitted to 1st year and had joined “Earn and Learn Scheme” for fulfilling their thirst and earning for higher education. Some of the mare Counselors, Programmer, Extension officer, Supervisor etc. Some of have become extremely successful entrepreneurs. This institute was established in 1997 under the leadership of the great visionary, Padmabhushan Balasaheb Vikhe Patil. This step proved to be a golden opportunity for girls, who were kept in the darkness of ignorance for ages. The situation, of course, did not change instantly, even after the establishment of this college. Due to the team work of faculty for motivating the parents through interactive programmes like “Teacher Guardian Scheme”, special coaching, personal attention given in this college created faith, confidence, a sense of belonging and attachment among the students and parents.

Students, especially from poor families, preferred to be part of this college and were proud of being its alumni. Various activities and programmes organized by the college for educational and academic excellence of our students changed the educational environment to a higher degree of congeniality. The outlook of rural society is also modified considerably. The acceptance of new technology many of the youth have also entered self-employment in entrepreneurship and service sectors. We hope that the progressive Endeavour’s and activities of our college will help to increase women’s status in society.

Life in a Women’s College of Home Science and BCA, Loni Campus

The atmosphere in Women’s College of Home Science and BCA, Loni is very much congenial with clean, beautiful, green campus enriched with well-equipped infrastructural facilities suitable for all types of curricular, co-curricular and extracurricular activities. Life in the college starts at dawn, when some hostel students and faculties are seen doing exercises and playing games. The teaching programme starts at 9.30 am and continues till 5.00 pm. The faculty in dress-code, reaches the college in time and after recording attendance on biometric instrument, is engaged in the routine work as per the schedule. In the evening, students take part in sports and other recreation programmes. The students from “Earn and Learn Scheme” do the light work assigned to them by the coordinator at their free time. The volunteers of NSS attend a 07 day special camp every year in which various socially relevant an extension programmes such as tree plantation, nature conservation, health awareness, sanitation, women empowerment etc. are organized.

Faculty-wise educational tours, which from apart of curriculum are arranged every year. In the month of December, Bahisshal Vyakhyanmala Lecture series related to social, economic, political, historical, women and child issues is organized every year for the all students. The workshops on different issues are organized in collaboration with Dept of Lifelong Learning and Extension, SPPU, Pune. In January, the annual college gathering and prize distribution ceremony is organized for the students to present their

talents in a variety of cultural programme. Different events, workshops and activities are organized by Student Development Department, SPPU, Pune. Besides teaching work faculty is also engaged in research activities like publishing papers, attending seminars, conferences and completing the research projects work. The college also organizes seminars, conferences for enriching knowledge of the faculty and students.

A very warm welcome to LBVP Pravara Rural Education Society's Women's College of Home Science and BCA, Loni.

It gives me great pleasure to invite you to take an initial peek into the knowledge hub that we have been nurturing for last two decades here at Women's College, established in 1997. My dear aspirant, if you are looking forward to a radiant and secured future, our College is the best place to start from. At Women's College, we put all the hard works to ensure that our students get the best opportunities to learn and enjoy their stints here and at the same time get themselves ready for the challenges to come in the academic and professional worlds.

We make sure that our students graduate from this College with knowledge and skills that would remain useful and productive throughout their lives. Ours is one such College in the entire region which provides B.Sc. in Food Science and Nutrition, B.Sc. in Textile Science And Designing, BCA (Science) and M.Sc. in Health Science (Dietetics) along with skill development courses viz. Fashion Designing, Food Preservation, Hand Embroidery and Beauty Parlour, The College has recently been accredited by the NAAC with B++ grade (2.94 CGPA).

Dr. Anushree Rajendra Khaire,

(M.Sc. Ph.D.)

I/C Principal

Vision:

“Empower women by providing equal opportunities in socio economic, cultural and global employment market through quality education”

Mission Statement:

“ tmasaomaajyaaoitga – maya”

“Lead me from darkness of ignorance to light of knowledge”

Mission:

- To strengthen the women physically, psychologically, socially, economically responsible individual through appropriate education.
- To acquire skills in student having potential to be used as a means of self-employment.
- To integrate learning across diverse domains and form linkages with other academic subjects of human ecology and communication technologies.

Women’s College of Home Science and BCA is established in 1996-97 to cater the needs of girl students in rural area. Amazed by the development in Loni, Dr. A. P.J. AbdulKalam bestows “LONI-PURA” (Providing Urban amenities to Rural Area) as a role model for rural development. This appreciation itself is a testimonial for the vision and mission of the college.

The institutional distinctive characteristics in terms of need of the society are as follows:

- To achieve academic excellence in education for women in rural area.
- To provide educational avenues to needy and economically weaker women.
- To inculcate value based education to empower the young ladies for development of the nation.
- To achieve socio-economic and cultural transformation through education.

Perspective Plan 2020-2025

The Perspective Plan, 2020-25 of the Women’s College of Home Science and BCA. The IQAC has decided to approve a participatory approach to gather suggestions, ideas from the various stakeholders. The interaction process included the meetings with all the Members of the IQAC including HoD’s. The IQAC has collected feedback from various members of Faculty and departmental committees, HoD’S. Recommendations from all these initiatives have been incorporated in the perspective plan. While preparing the present perspective plan, the IQAC has considered following:

- 1) II cycle NAAC Peer Team recommendations
- 2) Vision and Mission Statement of College.
- 3) Quality Policy of the College
- 4) Inputs from the stakeholders
- 5) Societal expectations from the college

Core Values:

- Contributing to National Development
- Fostering Global Competencies among Students
- Inculcating a Value System among Students
- Promoting the Use of Technology
- Quest for Excellence

This has helped us to prepare our future priorities and perspective future plan

Curricular Aspects:

- To introduce post graduate degree programs and research programs
- To promote the faculty members to participate in curriculum design and review at university level
- To conduct academic and other quality related audits
- To establish the well structured feedback mechanism on curriculum
- To introduce skill development courses and value added courses
- To conduct Institutional Internal Board of Studies(IIBOS) meetings for curriculum design

Teaching Learning and Evaluation:

- To promote the faculties to use ICT teaching learning pedagogy
- To initiate student centric teaching methods

Research Consultancy and Extension:
