2.7 Student Satisfaction Survey 2021-22

A questionnaire containing 21 questions on teaching, learning and evaluation as well as overall development of the college was prepared for Student Satisfaction Survey. A Google form was prepared and the link was shared among students for getting their response. Total 160 students responded to the survey. All classes of UG two streams i.e. Home Science and BCA participated in the survey. Almost all of them were attending the survey for the first time in this academic year.

Above 70% students have responded that they are satisfied with teaching, learning and evaluation done by the faculty. There are few positive suggestions like increase number of computers and field visit. It is noted by the institute and would be implemented in the next academic year.

Mr. Nitin Kakade
CQAC Coordinator
